Achievements

For a client whose bank loan was being called:

- ◆ Helped the company with carry back of its net operating loss to obtain refunds of more than \$20 million in a 14- day period after their tax year ended. Company was then able to sustain funds to make payments on the outstanding loan until they could secure additional other financing.
- ◆ Assisted the company in filing an estimated return and provided planning advice to increase the size of the net operating loss.
- ◆ Managed the client through the IRS audit process to allow the client to maintain such refunds.

For a client that filed bankruptcy:

- ◆ Helped the client through the Chapter 11 process.
- ◆ In conjunction with the planning, helped the company preserve \$800 million in net operating losses under Section 382 which allowed the client to limit future federal and state taxes for several years.
- ◆ Implemented tax provision process post-bankruptcy to assist with SOX controls related to tax provision process after the emergence from Chapter 11.

For a large semiconductor client:

- ◆ Assisted client with ASC 740 provision preparation and helped the company with their tax processes and SOX controls through several acquisitions and dispositions.
- ◆ Assisted with the due diligence and tax planning related to the company's acquisitions and dispositions and related tax accounting issues.

For over 15 years, BGA has proudly filled the gap that often exists between accounting firms striving to maintain independence and their clients. We understand the compliance requirements and needs of our public and private clients. Our unwavering commitment to excellence has enabled us to assist thousands of domestic and international companies with everything from complex M&A transactions to IPOs and technical accounting for financial reporting.
